Jury Trial Demanded

Mr. Paul Chalton

U. S. Department of Justice, United States Attorney, District of Arizona, Two Renaissance
Square, 40 N. Central, Suite 1200, Phoenix, Az., 85004-4408.

(Defendant)

Complaint: Alleged: Misuse and abuse of Patriot Act, Violation of Defendant's 1st and 4th
Amendment Rights including Violation of Freedom of Speech.

**Jurisdiction: Ms. Kris Durschmidt is an Arizona resident, born USA citizen (3rd
generation) Maricopa County.**

Filing complaint against: Mr. Paul Chalton

U.S. Department of Justice, United States Attorney, District of Arizona.

Complaint : plaintiff alleges (the following information)

1. In the month of April- 2004 (to the present date), plaintiff started to notice military helicopters, all-white sessnas planes (sometimes with a blue bottom on them) during the day (unmarked-non-commercial) aircraft (jets) and other large (sometimes small) aircraft that would follow and circle around her car. It was especially bad, aggressive, mean and war-like behavior when defendant would come in or go out of any building. When plaintiff would go to get something out of the trunk of car, a helicopter that had been continually following plaintiff from a distance, would then come down close and start to circle around her and her car. When plaintiff would be in her yard and picked up a garden tool, Sessnas and larger aircraft and helicopters would start to fly over her every couple of seconds. If plaintiff started to raise her hands in the car, aircraft would start to circle her.

2. It was especially harassing and unlawful when plaintiff was celebrating Advent at her church outside and everytime she went to raise her hands or shake hands with friends and hug my friends, the planes would fly in aggressively and harassing manor, which defamed plaintiff character and made her feel like a "Terrorist" and that plaintiff could get "shot at or killed at any moment."

3. This is definitely alleged, Defamation of Character. Plaintiff has a large list of similar Military War Acts they have been committing on her. President Bush stated repeatedly he only has two words to say to his enemies: AIR ASSAUT! (but he is waging it on the wrong, and law-abiding citizens of the USA!) The US Justice Dept. has refused to respond appropriately to plaintiff to this date (and all of their departments that ~~defendant~~ ^{plaintiff} sent certified letters to.)

Demand

1. Stop hassassing plaintiff, invading her privacy and all other unlawful activity.

2. **Compensate for my damages: Loss of work, physical and mental stress, damage done to her health..being forced to being subjected to aircraft toxins every few seconds, when she was driving, which cause nervous system damage and more. Her friends were even afraid to be around her when they saw the jets (aircrafts)....which is loss of social life. She was afraid to go out on the weekends any more.**
3. **Take out any monitoring and Violation of Privacy devices from her home (I have open food bags in my house and newly installed devices on my electricity (and SRP denies doing anything to my residence.)**
4. **If plaintiff is on the "no fly list" and other Civil violations,...restore them immediately/**
5. **Quit harassing plaintiff on my own private property and watching and monitoring every move she make, as she is not a part of any "foreign terrorist" groups which is what the USA Patriot act is for. The military (FBI, Homeland Security or the harassing party) needs to quit spending large military dollars on normal citizens.**
6. **After plaintiff reported this problem to the Chandler Police, they refused to do any proper investigation, and filed "mental health" complaints against her Arizona State Board of Nursing license. (Compensation for this Defamation of Character and loss of work.)**
7. **Requesting punitive, compensatory and attorney fees and evidence testing and research fees.**

Profiling by Government

Author: [kd](#) (---.240.135.50.Dial1.Phoenix1.Level3.net)
Date: 12-31-04 22:22

Dear Fellow US Citizens:
I am calling on your help. I am being profiled by some branch of the US Military, FBI, DEA or other branch that refuses to identify themselves. I have contacted all related local and national agencies to find out why jets, and other air-craft have been flying over my car, circle around my house, flying over my house. They have been profiling me on a continual bases months (maybe longer but I didn't figure it out yet). When I would get at different times and come out the door, a line of jets start to fly overhead..about a 1/2 mile up..they come from behind the building where I live then, they follow me home and to any other destination I travel to. I have pictures and witnesses incase anyone doubts me. It could happen to you am on the PETA Activist list which may be why I am being profiled. Jet cause nervous system damage and other related illnesses and are fatal to health...I have contacted all nearby police stations, Superior Court and FAA Administrators..to this day they have not assisted me or do nothing it..they may not even believe meI am in the process of filing a lawsuit. Case. If anyone knows a good National Lawyer..please have him or her contact me. I am also interested in starting a networking/support group to assist citizens who have no prior criminal history. I am not even a current member but I must still be listed on their activist list.....the Government is violating my privacy, harrassing me and causing my health to diminish. identify themselves let alone give me a reason for the violations...I am Military Air Marshals or DEA.....I have never done anything violent and have been a Christian all my life and devote much of my life to help people and animals.....I only passed out pamphlets for PETA three years ago. circus.....also, you can tell by my name: I am a white female of European ancestry...I have no knowledge or ties to any violent people or groups. call, write or e-mail me if you can help or refer me to a good lawyer by legal case...I feel my life may be in danger and local and national have done nothing to help me....Thank you kindly.....Ms. Kris

Dear US Citizens:
This is the sender of the original message. I just wanted to add a couple important points. I also tried many times to contact PETA (People for the Ethical Treatment of Animals) and to this date, they have refused to return my phone messages. The operator told me I was not allowed to speak to the President: Ingrid Newkirk or leave her a message. I could not have their lawyer's phone number; and I could only leave a message: Campaign Assistant, who never returned my phone calls to this day. They told me "get my own lawyer" and hung up the phone, several time. I think they are sad after all the help I gave them.

6 Dear President or Lawyer Review Person:

I am reapplying my case for legal representation because I feel you missed
7 by main problem.

My case does have to do with a LARGE majority of the people and it is the
8 most important topic in America today. Profiling and Surveillance has to do
with misuse of the Patriot Act because of our current war on Terrorism.

9 Since I last wrote, I had sent out a official Citizens Complaint Form from
10 the U.S. Dept. Of Justice-Phoenix, and they refuse to refuse to respond
correctly. They stated they "could not assist me." The FOIA (Freedom of
11 Information) Requests I sent certified to the FBI and the DEA (Drug
Enforcement Administration), they did not respond.....and they are to respond
12 within 60 days.....I think they will claim, in court, that they do not have
to respond under The Patriot Act.

13 If your local office does not handle this.....The national ACLU office
14 should.....BECAUSE IT IS THE MOST CURRENT TOPIC AND IT IS EFFECTING A LARGE
MAJORITY OF PEOPLE! I SEE ON TV AND READ THAT THE ACLU PRESIDENT IS TAKING
15 THE BUSH ADMINISTRATION TO COURT AKK THE TIME OVER HARRASSING ORDINARY PEOPLE
UNDER THE PATRIOT ACT WHEN THEY HAVE NOTHING TO DO WITH TERRORISM! If The
16 Phoenix ACLU office will not handle my case the National ACLU needed to.
Also I read the national ACLU has added on 4 lawyers, including 2 who handle
17 Women's issues.

18 Could you please respond immediately this time...and I would like to know the
names of the people who are reviewing my case. Cause I am writing newspaper
19 articles and I will be appealing this to the Supreme Court and Federal Court,
And the National ACLU even if it is on my own. Or one way or another.

20 Thank you for your second review.

Dear Persons involved and Persons in-charge:

I am writing regarding the continued Harassment/invasion of Privacy and Surveillance that has been forced upon me because of your actions. I have not been able to have a normal life: including work, social events and trying to get chores done around the house and at the grocery store without continued aggressive, mean and hidden planes "swooping" over my head around me and over me continually. Also, I am sure you are aware of the other Mis-use of your power and surveillance tactics. This is misuse of the Patriot Act and violation of my Civil Rights. I demand you to stop immediately from your harassing and illegal surveillance techniques, especially when I have never done anything wrong in my life. I am also aware my house has been broken into and I am missing my garden tools..which are the only tools I have been able to afford and I have not been able to afford to by more and I cannot get my garden and yard work done.

I have reported this problem to over 10 of each of the East Valley Policemen/women/detectives. They have not done their job properly and investigated the situation properly and no contact was made back to me. They didn't even call or talk to my witnesses because the police are evidentially directly or indirectly involved, which is misuse of the Patriot Act. I will still be sueing in Superior and Federal Court.

This is your final and immediate notice to do your job properly and respond back to me correctly and quit harassing me to the point I have not been able to live with out great grief and harassment of the local and/or Federal agents.

Sincerely,
Kris Durschmidt

Subject: Calls Needed Now to Stop Animal/Eco Terrorist Bill!

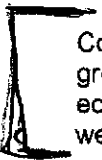

ADLA LEGISLATIVE ALERT:
CALLS NEEDED TO STOP ANIMAL / ECO TERRORIST BILL!

The Animal and Ecological Terrorist Bill (HB 2295) is back in the legislature and will be heard in the House Environment Committee on Wednesday, Jan. 19. As you may know, the bill passed the legislature in an amended form in 2004 but was vetoed by Gov. Napolitano.

HB 2295 contains vague language and penalties for violent crimes that are already covered under existing laws. It appears to be intended to suppress legitimate advocacy work rather than afford any greater protection to the public or a deterrent. It defines an "animal or ecological terrorist organization" in a manner that could be used to prosecute mainstream groups engaged in nonviolent advocacy work, including lawful boycotts, permitted marches or demonstrations, and investigations. According to the bill, videotaping or photographing an animal facility could result in a felony penalty. An animal facility is defined as a "zoo, rodeo, circus, amusement park, hunting preserve and horse and dog event."

A further provision of the bill would then cause individuals to be stigmatized and labeled as terrorists and treated much like sex offenders and child molesters are today, by showcasing their photographs and identities on a state-run website for three years.

The American Legislative Exchange Council (ALEC), along with the U.S. Sportsmen's Alliance, is responsible for promoting animal/ecological terrorism legislation in states around the country. Funded by groups including the NRA and oil companies, ALEC states on its website that "One-third of all state legislators belong to ALEC". (more information: www.alecwatch.org)

*  Consider this scenario if HB 2295 passes: An individual who videotapes animals at a circus, rodeo, or greyhound race could be charged with a felony, labeled a terrorist, and possibly sued for triple damages for economic loss. The person's name, address, and photograph would be posted on a state-run terrorist website for at least three years

More details and background on this bill appear at the end of this email.

Date(s) Describe what happened

11/17/2004 For 5 months I have noticed planes (several types) large and small Sessnas and helicopters have been surveilling me during everything I do. When I am in my house, I see the lights of an aircraft get bright and looking into my sliding glass doors and windows, then helicopters would fly over my house and shine spot lights into my window and yard when I let my cat out the window. When me and my friend sat in my front yard helicopters flew and circled us a total of 7 times when we don't even drink and we were just sitting in lawn chairs and talking for a few minutes. The planes and helicopters follow me to the stores, work, the coffee house, social activities, 3 planes followed me on election night: Nov. 2nd. When I go out in my yard 3 different planes (or aircraft appear) from all different directions. Once, Nov. 6, a large aircraft, hovered dangerously lower over my house as I went out to my car--it was disguised to look like a commercial airplain but was hovering too low and was not acting as a commercial airliner as it circled and flew around my house. I have called 3 supervisors at the Chandler Police Deptment: Lt. Shear, Lt. Austin, Officer Zigowitz and I have spoken to several others. They denie all surveilling on me. I called Phoenix Police, Mesa Police, FBI and FAA. They all told me to file the complaint with the Chandler Police and the Chandler Police refuse to file a complaint and denie all charges of surveilling me or the area. I have extensive damages

Coalition Sign-On Letter to House Judiciary and Intelligence Committees Opposing H.R. 3179, the "Anti-Terrorism Intelligence Tools Improvement Act of 2003"

June 15, 2004

Honorable Porter J. Goss
Honorable James Sensenbrenner

Dear Chairmen Goss and Sensenbrenner:

We, the undersigned organizations, write in opposition to H.R. 3179, the "Anti-Terrorism Intelligence Tools Improvement Act of 2003," which contains expansions of USA PATRIOT Act and FISA authorities. We commend the Judiciary Committee for its oversight of the USA PATRIOT Act and its commitment to look carefully at the implementation of PATRIOT Act authorities in connection with Congress' consideration of the sunset provisions of the PATRIOT Act next year. We believe that consideration of H.R. 3179, should be postponed until Congress has conducted a comprehensive evaluation of the Patriot Act authorities. This political season is not the appropriate time to expand the government's surveillance powers.

We also have concerns about the procedures in the House concerning this bill. News reports indicate that the bill's provisions may be included as part of the Intelligence Authorization Bill at what is scheduled to be a mark-up closed to the public. While we are pleased that the Judiciary Committee held a subcommittee hearing on the bill, the Intelligence Committee has held no hearings (public or closed) on the bill, and we do not believe these substantial expansions of the government's surveillance powers should be considered in a closed Intelligence Committee mark-up. Before proceeding, Congress should hear from law enforcement experts, civil liberties groups, and constitutional scholars about the impact of these proposals, and should do so in an open session.

To date, the Justice Department has failed to demonstrate how the provisions of H.R. 3179 advance national security interests. All of the provisions of the bill infringe on rights of privacy and other civil liberties.

- ✱ 1. *Creating new penalties to enforce secret FBI letter demands for confidential records.* The bill enhances the government's power to secretly obtain personal records without judicial review under National Security Letters (sections 2 and 3). As you know, the PATRIOT Act and additional legislation passed last year vastly expanded the scope of records that can be obtained using National

Page
15

Security Letters. They now reach travel agents, car and boat dealerships, jewelers and casinos, as well as credit reports, financial records and electronic communications transactional records, (e.g. billing records). At the same time, the PATRIOT ACT eliminated the previous requirement that the FBI identify the individual about whom it was seeking information and have some basis to believe that such person may be a terrorist or spy. Instead, the FBI can now secretly obtain entire databases containing all kinds of information about innocent people with no judicial review whatsoever. Currently there is no reporting on the use of NSLs and no process for recipients to challenge or modify burdensome or overbroad requests. The automatic and permanent "gag rule" makes it difficult if not impossible for anyone to even know if the authority is being abused.

H.R. 3179 would provide for criminal penalties and other mechanisms to enforce what, in our view, are vastly overbroad powers. Congress should consider adding enforcement mechanisms to NSLs only after thoroughly reviewing their current use and restoring the requirements that the FBI identify whose records it is seeking and articulate a basis for suspecting that person.

2. *Allowing secret surveillance and searches of individuals without any showing that they are connected to a foreign government or terrorist group.* The bill would allow secret electronic surveillance and secret searches under the Foreign Intelligence Surveillance Act of persons acting alone, without any connection to a foreign terrorist group or government. This "lone wolf" provision is contained in section 4. The Department of Justice has demonstrated absolutely no need for this expansion of its extraordinary powers under FISA. To grant this expansion would violate basic Fourth Amendment principles.

Congress originally approved the FISA with the explicit requirement that it would only be used against individuals acting on behalf of foreign governments or groups. This connection to a foreign power is essential to the constitutionality of FISA, which contains lower probable cause standards than are required in criminal cases and fewer safeguards against abuse, most notably because the government can keep secret forever the fact that an individual has been surveilled or searched under FISA.

The bill would expand FISA beyond its intended scope and allow it to be used against an individual who may be planning a crime but has no connection to a foreign power. In those circumstances, the Fourth Amendment requires that criminal procedures be used; to allow FISA surveillance would be unconstitutional under Supreme Court jurisprudence and the reasoning of the 2002 FISA Court of Review decision.[1]

While the present bill applies only to non-citizens, if enacted, this violation of Fourth Amendment standards could soon be made applicable to citizens. Indeed the Justice Department proposed applying the lone wolf amendment to citizens in the leaked draft of PATRIOT II. The Congress should not head down that road with H.R. 3179.
